Automotive Technology Partnership Academy

SAN CLEMENTE HIGH SCHOOL

Dear Freshman Students and Parents/Guardians,

We would like to offer you the opportunity to participate in the award winning Automotive Technology Partnership Academy (ATPA). If you are interested in the fields of automotive technology, engineering, electronics, or design, this may be the program for you!

The Automotive Technology Partnership Academy program incorporates the following advantages:

- Students will work with a select group of faculty in a “School-within a School” structure.
- Students will have the opportunity to receive hands-on industry experience.
- Upon completion of the three-year high school program, students will be highly qualified to pursue college programs articulated with the ATPA.
- Students will be challenged through college preparatory classes and advanced technical studies.
- Through competitions, students will have the opportunity to compete for scholarships and awards.

These are the conditions of the Academy:

- Maintain a minimum 2.0 Total GPA
- No “F” grades since entrance into the Academy
- 95% cumulative full-day attendance
- On track for graduation (continually maintain minimum credits for graduation)

If you are interested in being one of the students participating in this exceptional program with classes beginning August 2024, please have your **parents sign below and return this letter to the Auto Academy office**. Selection will be determined by a faculty interview.
